

# **Do you have a wart that just won't budge?**

**Virginia Clinical Research may have a study for you!  
Patients 18-65 with 1-8 warts may be eligible for a clinical  
research opportunity investigating a topical patch for wart  
treatment.**

## **You may be eligible if:**

- You have 1-8 warts, not on the face, palms, soles of feet, or groin**
- Your warts have been present 6 months - 2 years**
- Your warts have not been treated more than 3 times by a professional**

**If you or someone you know  
is interested, contact us!**
